LIGHOUSE

CREATED BY HAND CRAFTED BY NATURE

Lighthouse is a family-owned and operated furniture and design manufacturer operating across Gauteng and the Western Cape, Lighthouse proudly manufactures its furniture locally from factories in Pretoria, the Garden Route, and Cape Town. Customers can experience the brand firsthand at showrooms located in Pretoria, Johannesburg, Cape Town, and Wilderness.

Our furniture is crafted with love and care, embracing imperfections in nature that add character and uniqueness to each piece. With a rustic look that celebrates the beauty of nature, we believe that our furniture can bring light and warmth to any home.

As a Christian-owned business, we strive to reflect God's light in our furniture's design and craftsmanship. We pay great attention to detail and take pride in creating pieces that are as beautiful and organic as nature itself.

We understand that furniture is more than just a functional piece in a home; it plays an important role in creating a space that works for your lifestyle and needs. That's why we offer the flexibility to tailor many of our furniture pieces to our customers' specifications, including custom sizes, configurations, and selected details such as handles. This allows customers to create furniture that fits their space perfectly while maintaining the quality craftsmanship and timeless design that Lighthouse is known for.

Our commitment to quality and affordability has made us a trusted name in the industry, serving the people of South Africa with furniture that lasts a lifetime.

HOSPITALITY SPACES

Over the years, we have had the privilege of working with a wide range of hospitality clients, helping to furnish hotels, lodges, guest houses, and Airbnb properties across South Africa. From established destinations such as Lagoon Beach Hotel and Bergvallei Retreat to boutique accommodation venues, our furniture has become part of countless memorable guest experiences.

We understand that hospitality furniture must balance style, comfort, and durability. Every piece is thoughtfully crafted to enhance a space while standing up to the demands of everyday use. A great example is our Kasai River Chair, originally designed for Lagoon Beach Hotel and now a proud part of the Lighthouse collection. Whether furnishing a single suite or an entire property, we work closely with clients to create spaces that feel welcoming, timeless, and built to last.
